General Ordering Information

1. You may, if you prefer, add the amounts on each separate order form together and send the entire payment on only one check or money order. Or, if you prefer, you may send a separate check or money order with each order form. Either way is acceptable to us **as long as each order is placed on its own separate order form**. This helps us tremendously since each type of order is processed in a different manner.
2. Please accept a big "Thank You" from Glenn and Linda for going through this checklist before mailing your order to us. It makes our job much easier if everything comes into our office in the proper format. It also helps to prevent delays in processing your orders.
